

Frequently Asked Questions

What is Grouper and how does it work?

Grouper is your gateway to vibrant social connections. We seamlessly work with health plans to support the cost of staying active, ensuring you can reap the benefits of Social Fitness for improved mental, physical and social well-being.

Why did we partner with Grouper?

This partnership opens doors for our eligible members, age 65 and older, to enjoy an initial \$50 payment as well as ongoing activity payments by Grouper. These payments are made possible by Grouper's partnerships with Medicare Advantage and Medicare Supplement plans.

This sounds too good to be true, what's the catch?

There is no catch! Grouper recognizes what medical and social research have now well documented: building and maintaining social connections become more difficult as we age. Simply put, group activities lead to longer and healthier lives. Grouper helps eligible members access and make the most of their health plans' social activity benefits.

Is my privacy protected?

Yes. Your information is not sold. Grouper will only share your information as needed for the purposes of administering your health benefit. For further information, see the [Privacy Policy](#).
